

*Colora tanti quadratini quanti sono gli animali in ogni riquadro (ricordati di partire dal primo quadratino in basso) e poi rispondi.*

The image shows two boxes for counting. The left box contains 6 mice and a vertical bar with 10 empty squares. The right box contains 2 cats and a vertical bar with 10 empty squares. A large greater-than sign (>) is placed between the two boxes, indicating that there are more mice than cats.

- **E' più numeroso l'insieme dei topolini o quello dei gatti?**

---

The image shows two boxes for counting. The left box contains 3 butterflies and a vertical bar with 10 empty squares. The right box contains 3 snails and a vertical bar with 10 empty squares. Two horizontal lines (=) are placed between the two boxes, indicating that there are the same number of butterflies as snails.

- **E' più numeroso l'insieme delle farfalle o quello delle lumachine?**
